JAVED SAIFI

Software Developer

+91-8527019853 | saifijaved616@gmail.com | Faridabad, Haryana-121001

Enthusiastic and motivated recent graduate with a strong foundation in JavaScript and Angular, eager to start a career in web development. Seeking an entry-level position to apply my skills, learn from experienced professionals, and contribute to innovative projects in a dynamic and collaborative environment.

Work Experience

Web Automation Testing Intern, VVnT SeQuor, Noida
Jan 2022 - Jun 2022
- Developed and implemented automated testing scripts using tools such as Selenium and Cyprus to ensure the functionality and reliability of web applications.
- Assisted in maintaining and updating existing automation frameworks, ensuring compatibility with new software updates and features.
- Analyzed and reported test results, identifying and documenting defects and working closely with developers to resolve issues.

Software Developer Trainee, Loyalty Partner IT Solutions

Apr 2024 - Present
- Developed customized web applications using Angular and JavaScript.
- Built server-side logic and APIs with Node.js.
- Integrated front-end and back-end components for seamless functionality.
- Collaborated with senior developers for hands-on learning and growth.
